

East Haven's Assets to be Topic

March 13, 2009

EAST HAVEN-- The East Haven Early Childhood Collaborative invites citizens, businesses, educators, civic organizations and faith-based groups to participate in an information gathering session designed to collect community information regarding East Haven's resources and assets.

The project, entitled "Asset Mapping", asks residents to share their knowledge of and experiences within the town in order to assemble a clear and comprehensive source of information about East Haven's physical resources, institutions, associations, individuals and the local economy. This information will assist the collaborative in the future development of a community early childhood education plan.

Two sessions are planned on Wednesday, April 8, 2009. One from 10:00 a.m.-1:30 p.m. or 6:00 p.m.-9:00 p.m. Complimentary lunch and dinner will be served at the Silver Sands Beach and Tennis Club in East Haven.

The East Haven Early Childhood Collaborative promotes the belief that every child in East Haven will be healthy and ready to learn by age five and achieve school success by age nine. This collaborative is funded by the William Caspar Graustein Memorial Fund.

For more information and to register, contact Paul Perrelli at 752-6024 or ehecc@mail.east-haven.k12.ct.us.
